**WE'RE RAISING MONEY FOR
CHILDREN'S CANCER RESEARCH!**

Where: _____

When: _____

For more details contact: _____

Every penny you raise will go towards finding new and improved treatments for children with cancer.

In the UK 20% of children diagnosed with cancer will not survive because treatment options are limited. Of those who do survive, 60% will be left with disabilities that can range from hearing loss to heart problems, caused by treatments that damage their bodies. By funding research across the UK, Kidscan are working towards a world where every child diagnosed with cancer, can both survive and live the long healthy lives they deserve.
