

Name:

I am taking on the

.....

to raise money for KidsCan
Children's Cancer Research

Please help me reach my goal by
donating to my fundraising page:

.....

**Every penny you raise will go towards finding safe
new treatments for children with cancer.**

Over 60% of childhood cancer survivors will suffer
life-long, life-limiting side effects caused by current
treatments that damage their bodies.

By finding therapies that only target cancerous cells in
the body, KidsCan hope to create a world where every
child can survive cancer and thrive throughout adulthood.
